MEMORANDUM
22 December 2020

TO: All Regional Directors,
All Assistant Regional Directors
All Regional Operations Chiefs
All Authorized Private Motor Vehicle Inspection Centers (PMVICs)
All Value-Added Service Providers (VASPs)
All Heads of LTO District/Extension Offices
All Concerned

SUBJECT: INTERIM SOLUTION FOR THE VALIDATION OF EMISSION TESTS FROM AUTHORIZED PMVICs TO NON-LTMS LTO DISTRICT/EXTENSION OFFICES

Relative to LTO Memorandum Circular No. 2020-2217 dated 16 October 2020 that directs PMVICs with authorization to commence operations, an interim solution is necessary for non-LTMS District/Extension Offices within the PMVIC's GAOR to process PMVIC Motor Vehicle Inspection Reports (MVIR) and Certificate of Motor Vehicle Inspection System Compliance (CMVISC).

In this connection, all PMVICs and their respective VASPs are hereby directed to temporarily upload emission test results to the PETC-ITF of the LTO-IT System and to facilitate such, Stradcom Corporation is mandated to connect all PMVICs and VASPs to the existing PETC-ITF.

Hence, all non-LTMS LTO District/Extension Offices within the GAOR of PMVICs are reminded to validate and accept MVIRs and CMVISCs if emission results have been uploaded by the latter.

For strict compliance.

EDGAR C. GALVANTE
Assistant Secretary
